

48" Sealed Burner Rangetop

The patented, dual-stacked sealed gas burners of our new sealed burner rangetop take control to a new level. Two levels, really. The upper-tier burner delivers maximum heat transfer at higher settings; the lower-tier continuous flame ably handles the subtleties of simmering and melting. The Wolf exclusive infrared charbroiler, infrared griddle and French Top ensure this rangetop stands out from the rest in performance and also beauty.

Product Notes

The Wolf 48" sealed burner rangetop is available in natural and LP gas with your choice of several top configurations. Model numbers indicate the rangetop features; (C) charbroiler, (G) griddle, (DG) double griddle and (F) French Top. Natural or LP gas must be specified when ordering the rangetop.

Sealed burner rangetops are shipped with island trim installed. A riser is required for installations against a combustible surface.

Red control knobs with platinum bezels are shipped with the rangetop, as well as porcelain-coated, cast iron, continuous top grates. Optional black knobs, bezels and grates are available as sales accessories.

Dual-Stacked
Sealed Burner
